Horse Centred Learning

We, Rusty Jade Ranch, were born out of respect and passion for horses. We believe in Natural Horsemanship. Being in tune with the capabilities and needs of both the horse and rider. We do this by setting clear goals and matching horse, rider, and coach. Horse lovers can then build positive and enjoyable relationships and experiences with their equine partners.

Head Coach

Kelly Solowka combines a working knowledge of human learning styles with 30 years of horse training experience. This combination makes Kelly a unique and effective coach to work with. Kelly believes that the horse and rider relationship is an evolving one. Each day brings with it the opportunity to learn new techniques, fine tune existing skills and through their application, exceed our own goals.
